## *Hospitality Worker Town Hall*

### **OVERVIEW**

An **in-person** Worker Town Hall, modeled after legislative Town Halls, to hear from frontline hospitality workers about the future they want for hospitality establishments and what processes are necessary to move toward a more equitable industry.

- Date: Tuesday, October 25th, 2022
- Time: 1:30pm CT Doors Open | 2pm-4:30pm CT Town Hall | 4:30pm-5:30pm CT Social Hour
- Venue: TBA
- Tickets are free, but participation is limited to the first 50 guests to keep the breakout group sizes small.

### **GOALS**

Our ultimate goal is to foster dialogue, solidarity, and liberation for hospitality workers. We see this Town Hall as the start of many more across the U.S., enabling us to analyze and aggregate information on desired industry changes at a local, regional, and national level.

To supplement in-person Town Halls, we will also be rolling out a virtual worker Listening Tour via Zoom to capture the sentiments of those unable to attend the live events.

### **DELIVERABLES**

- **Owner Competency Toolkits & Workshops:** Publicly available toolkits & custom workshops for FBH owners & decision-makers based on the learnings from the Town Hall.
- **Employee Self-Advocacy Workshop:** Followup event series on ways to implement the desired changes at each workplace.
